# Core Benefits

## What you see is what you get!

Review renders PDFs exactly as they will be printed. For users it's instant, browser-based and doesn't require a login. You can customize Review to match your brand look, and hook everything flawlessly into your existing Switch production flows!

## Scalable & Flexible

- Unlimited reviewers can work on any number of files.
- Instantly match any expansion in your customer base and workload.
- Handle peak production times with complete ease and no additional setup time.

## Value-based

- Overcome buying constraints with flexible, usage-based pricing.
- All plans deliver same incredible tools and always-on functionality.
- Get started with affordable entry-level pricing.
- Forget all about hosting costs and see big savings!

## Predictable

- Keep track of consumption.
- Visualize historic usage.
- Define data thresholds.
- Enjoy a clear cost structure.
- Rest easy with an uptime of 99.9%.

## Offer online proofing with your own branding

The screenshot displays the ENFOCUS online proofing interface. The browser address bar shows 'review.us.enfocus.cloud'. The interface includes a top navigation bar with the ENFOCUS logo, a 'Show Annotations' toggle, and a 'View' dropdown. Below this is a toolbar with various tools and an 'Approval' button. The main content area shows a PDF of a magazine cover titled 'ANGLIA BUSINESS' with the subtitle 'New year, new car' and a photo of a silver car. The cover also features three columns of text: 'INTERVIEW: CHRIS STABBE', 'TRAINING: WHITE STOPS SALES THROWS OUTSIDE THE BOX', and 'FUNDING: THE LOW CARBON ECONOMY'. On the left side, there is a 'Quality Report' panel with a warning icon and a list of preflight issues. On the right side, there are three buttons: 'Cancel Job will send a new file', 'Make Corrections and Reproof', and 'Approved to Print'.

# Innovative Features, Intuitive Processes

# Features

Enfocus Review takes on the heavy lifting of review cycle complexity while simultaneously delivering simplicity and efficiency to customers and users. It makes approvals easier for everyone involved.

- Effortless installation and setup
- Intuitive drag-and-drop functionality
- No complex server setup
- No user management required
- No hosting or maintenance costs
